

## **Billtrust Named to the Inc. 500 as One of the Fastest Growing Private Companies in America**

PRINCETON, NJ, AUGUST 29, 2007 – Billtrust, the leading provider of outsourced billing services, announced today that it has been named to the coveted Inc. 500 list of the fastest growing private companies in America. Billtrust placed 206<sup>th</sup> on the list overall and 6<sup>th</sup> in the Business Services category.

"We have worked hard over the past six years to build our reputation as the premier billing service provider in the US," said Billtrust president Flint Lane. "This recognition is a testament to our focus on listening to our customers and continuously delivering products and services that meet and exceed their needs."

"If you want to find out which companies are going to change the world, look at the Inc. 500," said Inc. Editor Jane Berentson. "These are the most innovative, dynamic, fast-growth companies in the nation, the ones coming up with solutions to some of our most intractable ills, creating systems that let us conduct business faster and easier, and manufacturing products we soon discover we can't live without."

Billtrust's services allow businesses to save money on their paper billing and seamlessly transition to electronic billing and payment. Instead of managing the bill delivery process in-house or using a mail house, companies use Billtrust for cost and productivity savings, along with improved service to their customers.

"Companies devote significant resources to the billing function to ensure accurate and timely delivery", said Lane. "We let our customers focus on their core business while we apply our expertise to the bill delivery process. Billtrust's market is virtually any company that is regularly sending a large volume of invoices."

"We are well positioned for the future," added Mitch Rose, Billtrust's VP of Marketing. "More businesses are looking for solutions like Billtrust's that send money to their bottom line, improve their productivity, and let them focus on what they do best. "
