Eclipse User Group/UFO Using Billtrust for Bill Delivery

PRINCETON, NJ, AUGUST 14, 2007 – Billtrust, the leading provider of outsourced billing services to wholesale distributors, was selected by the Eclipse User Group/UFO for the delivery of their invoices to its membership. With Billtrust’s billing services, the UFO can deliver invoices by U.S. Mail or via electronic delivery methods such as email or fax.

The Eclipse Users Group/UFO (User Friendly Organization) is an independent business organization formed to create a strategic alliance with Intuit Eclipse to help direct and enhance the software package to the benefit of its membership.

According to Mary Barlow, Executive Director of the UFO, “We have many members who are using Billtrust for delivery of their invoices and we felt that it would be a logical step for us to start using them too. We prefer the email delivery and really like the Easy Import file format options.”

Billtrust’s Easy Import allows the invoice recipient to download billing data directly into their accounting package. This saves time and ensures billing accuracy.

Mitch Rose, VP of Marketing at Billtrust added, “We are pleased to be supporting a leading organization like Eclipse/UFO. Within a month of kick-off they have already migrated the majority of their customers to electronic bill delivery. This sets a good standard for other Eclipse users.”

Over fifty Eclipse users are currently outsourcing the paper and electronic delivery of their invoices and statements to Billtrust.
